CUBA WAR MUST STOP

Such Will Be Commissioner Calhoun's Recommendation.

HIS REPORT ANXIOUSLY AWAITED

Bloody Battling For Food Has Begun Even in Havana The Truth About Ruiz' Death Is Not Permitted to Be Told. General Weyler Charged With Fraud and Corruption—Other War News.

NEW YORK, June 4.—A special to The Herald from Havana, June 2, via Key West, Fla., says: Mr. Calhoun goes home puzzled. He is to sail on the Ward line steamer. Many contradictory stories of the insurrection have been poured into his ear. He has declined to be interviewed, but your correspondent has an absolute authority as to the nature of his views.

Mr. Calhoun is for peace, if peace be possible, and if need be for war. He will recommend that the war here be stopped at all hazards. He will urge in support of this position the conditions of Americans and American interests here, and with more force the frightful condition of the country folk, which he knows from personal experience. And so in the long run Mr. Calhoun will see President McKinley, and with what ever weight he has as the personal representative here will suggest that Spain be told that the war on women and children in the island of Cuba must cease.

Personally, Mr. Calhoun is not in sympathy with the jingoes. But his heart has been stirred by the woes of the wretched and starving. He has said as much, and when he gets Mr. McKinley's ear he will urge that Spain be asked diplomatically to stop the war. He will dwell upon the possibility of the good offices of the United States government, but in the end Mr. Calhoun, with the memory of Matanzas upon him, with the memory of the dying and the lack of coffins, will suggest that President McKinley use what means he can to stop this war of extermination.

The Americans who met Mr. Calhoun, and for that matter the Spanish, too, feel that he will tell President McKinley what he felt when he went into a reconvalescence house at Matanzas, where a man was dying, and learned that the weeping woman and her children were not given food because it was reported that they had relatives among the rebels.

Mr. Calhoun said that while he was merely counsel to General Lee in the Ruiz case, he could not be supposed to remain here with eyes and ears closed. That, interpreted, means that he is to report on the progress of the insurrection, the condition of the country, and suggest a possible remedy for the evils which have fallen upon stricken Cuba.

The Ruiz investigation is closed. As predicted, the matter is exactly where General Lee left it in February last. At the conclusion of the investigation Dr. Congosto prepared a report which he requested General Lee to sign. In it he said that Ruiz had been treated as a guest of the nation; had a mattress and pillows, good food, the attention of nurses, and in fact all that any man could wish. This, in reality, was based upon evidence which General Lee declined to consider. So General Lee declined positively to sign the report.

Then General Lee submitted a report setting forth strongly the fact that Ruiz was kept 315 hours incommunicado; that it was known that he was an American citizen, and that such solitary detention was in absolute disregard to the treaty; that he died while so held incommunicado, and that as these facts admitted the claim must hold good. Dr. Congosto declined to sign this.

Then as each had declined to sign the other's report, an attempt was made to draw up a report which would merely cover the acknowledged facts. This was done, the report embodying what everyone knows—that Ruiz was arrested on a certain date and died on a certain date. This both signed, but with the understanding that each would immediately report to his government his version of the investigation.

General Lee's report goes to Washington at once. He says that absolute evidence bearing upon the manner in which Ruiz received the blow which killed him is unobtainable because of ruling conditions, but as he would have been alive in all probability had he been kept only 72 hours incommunicado, as the treaty provides, the American claim is proved. That is the whole story of the Ruiz investigation. Mr. Calhoun will support General Lee absolutely.

The war for food has begun in Havana. In Anton Recio street on May 31 four small shopkeepers were murdered most brutally, one being decapitated and the skull crushed with a hammer. The money was left in the tills. The crimes were committed for food only.

A captain, lieutenant and 58 soldiers have been brought here as prisoners from Campo Florida and condemned to be shot because they sold arms and medicines to the Cubans.

WASHINGTON, June 4.—Captain W. D. Smith of the Cuban army, and said to have formerly been on the staff of General Gomez, was before a subcommittee of the senate committee on foreign relations yesterday. He supplied the committee with many details as to the strength of the insurgent forces and of their resources, and also furnished them with much information concerning the treatment of pacificos and other residents of Cuba by Spaniards. His testimony was strictly guarded by the committee as private.

Wnyer Charged With Fraud.

NEW YORK, June 4.—Senor Santi-

ago Barreia, until recently a deputy in the provincial assembly of Santa Clara province, Cuba, is in the city. He is a native Spaniard and held a military position in the Spanish army in Cuba. He accuses Captain General Weyler of fraud and corruption, and has written a pamphlet, which he will send to Madrid, reciting all the evils that exist in Cuba, and stating that the revolution is now more formidable than ever.

Mr. Calhoun Starts For Home.

HAVANA, June 4.—Yesterday afternoon Mr. Calhoun left for the United States by the steamer Saratoga. He went on board accompanied by Mr. Fishback, Mr. Pepper, Mr. Springer and Dr. Burgess, as well as Consul General Lee and a number of representative Americans.

SENATE AND HOUSE.

Considerable Business Transacted by Both Branches of Congress.

WASHINGTON, June 4.—The senate again made good progress on the tariff bill yesterday, covering about 10 pages of the metal schedule and almost completing it. The formal contest against the measure was maintained, but all amendments tending to change the bill as reported were voted down and the finance committee reinstated. The debate was mainly of a technical character, the Republican senators continuing the policy of refraining from making speeches.

Before the tariff bill was taken up Senator Tillman of South Carolina gave the senate another hour of exciting controversy over the proposed sugar investigation. He defended himself from published charges relative to his administration of the governorship of South Carolina, and then moved that the committee having charge of the sugar resolution be discharged from further consideration of it, thus bringing the subject directly before the senate.

Mr. Gallinger of New Hampshire, in behalf of the committee, made a spirited protest against this course, and also urged that the senate should not turn aside from its public work to investigate charges affecting the private character of senators.

There was frequent lively exchanges between Mr. Tillman, Mr. Gallinger and Mr. Jones of Nevada, but in the end Mr. Tillman withdrew his motion.

A bill was passed for a public building at San Angelo, Tex., to cost \$100,000.

Mr. Vest of Missouri offered a resolution, which was adopted, reciting that the skeletons of the American soldiers killed at Buena Vista in 1847 were now exhumed and asking the state department to investigate the subject and report the facts to congress. A letter was read in this connection from Consul General Crittenden saying the matter should receive the attention of the authorities at Washington. A clipping was enclosed stating that the bones of American soldiers were bleaching in the sun.

House Doings.

WASHINGTON, June 4.—The house proceedings yesterday were enlivened by a single incident, the attempt of Mr. Terry (Dem., Ark.) to secure consideration as a privileged matter of a resolution for the immediate appointment of the committee on foreign affairs. It was ruled out of order, and an appeal taken from the decision of the chair was laid on the table by a strict party vote. Mr. Simpson, the Populist leader, was absent and several bills were passed by unanimous consent.

The bill to prevent collisions on certain harbors, rivers and inland waters of the United States, and the senate resolution for the relief of the El Paso flood sufferers amended so as to make the appropriation \$10,000 available out of the unexpended balance of the appropriation for the Mississippi flood sufferers, were passed and the conference report on the appropriation bill was adopted.

MET WITH THE MARBLE HEART.

Californians That Failed to Find the Admire Eden.

SAN FRANCISCO, June 4.—All is not harmony in the Brotherhood of South Sea Colonists that left this port on the brig Percy Edwards about three months ago in search of a site for a colony on one of the islands of the South Pacific ocean. One of the members of the colony in a letter posted at Suva, the capital of the Fiji islands, says that Captain Peterson, the sailing master of the vessel, has assumed the power of a czar. The governor of the Fiji islands had not given the colonists much encouragement in their attempt to settle in the South seas and they were refused a landing on any of the islands of the Fiji group.

The writer said that the vessel was preparing to sail for the Samoan group and if no more encouragement was given them there, an attempt would be made to land on the Solomons. Should they be ordered away from there the vessel would be headed for home.

This is the party that was organized to go to Hermit island where the male inhabitants had all been killed off in a war among themselves, leaving the women alone on the island.

Another Big Strike Threatened.

NEW YORK, June 4.—Notice will be served on the cloak manufacturers that their employees are preparing for a strike which will rival in magnitude the tailors' strike. The cloak makers are 10,000 strong and claim to be thoroughly organized. The men say, through Secretary Brass, that they can not exist under the present rate of wages. If the manufacturers refuse to attend the conference to which they will be invited, the men declare that they will go out on a strike on the 15th inst.

STORM VISITS TEXAS

Several People Hurt and Much Property Destroyed.

WHEAT AND OATS CROP RUINED.

The Full Extent of the Damage Is Unknown, as Many Places Have Not Been Heard From on Account of Telegraph Wires Being Down—Damage Done at Places Heard From.

DALLAS, June 4.—One of the severest wind and rainstorms prevailed throughout a good portion of north Texas that has been experienced in many years. The wheat and oats crops are just about ripe for harvesting and fears are expressed from all sources that these crops have been greatly damaged though it is as yet impossible to estimate the extent of the injury done.

At Fort Worth the blow was unusually severe in a portion of the city, some 20 residences in two wards were blown from their foundations and otherwise damaged, besides injury to barns, sheds and small store buildings. One church was struck by lightning and considerably torn up. The rain was so heavy that street car traffic was stopped, cellars flooded and the streets were impassable for a time. The area damaged in this city is half a mile by 200 yards, and the damage is estimated at not less than \$15,000.

At Arlington, 16 miles east of Fort Worth, a dozen or more houses were blown off their blocks or unroofed, and a number of houses on the prairie for several miles around the town shared a like fate. The justice of the peace of the precinct, S. G. Lasater, and I. J. Prose were in a tenement house which was blown to atoms, both men being badly hurt, the former, it is feared, fatally.

At Grand Prairie, four miles east of Arlington, six houses, including two store buildings, were blown from their foundations and badly damaged. One residence was set on fire by lightning and considerably damaged. The reason no lives were lost or persons hurt is that nearly every one has an underground stormhouse, and these were sought when the storm cloud was seen approaching.

From Richland, Weatherford, Itasca, Ennis, Willis Point, McKinney, Cran dall, Corsicana, Gainesville, Terrell and other towns within a radius of 70 miles come reports of heavy wind and terrific downpour of rain, doing more of less damage at all these places and especially to the ripening grain and other growing crops.

At Hearne, Tex., a hard rain and windstorm did considerable damage. The Hearne and Brazos Valley roundhouse was blown down and the seedhouse of the oilmill was unroofed. Bryan Herd's cotton office was blown from its blocks.

TWO MEN CRUSHED TO DEATH.

Tanks Fall Through Five Stories of a New Building.

NEW YORK, June 4.—Five enormous tanks containing 18,000 gallons of water, fell five stories through the new building of David S. Brown & Company, soap manufacturers at Twelfth avenue, Fifty-first and Fifty-Second streets, yesterday, burying two men under thousands of tons of debris.

The body of William Fraser, 40 years old, a surveyor in the employ of the Otis Electric company, was taken from the ruins in the afternoon.

Jacob Jacobson, a carpenter, is missing.

The place was nearly ready for occupancy. The tanks were to have contained soap fat. They were put in by the Cotesville iron works of Cotesville, Pennsylvania.

Alexander Brown, the brick contractor; Henry F. Kilburn, the architect, and Archie Hamilton, inspector for the iron work contractors, were arrested charged with homicide. It was claimed by an expert that the mortar used in construction was nothing more than mud.

There were 15 men in the building at the time of the accident. There was not a second's warning of the fall of the tanks. They had been filling with water for testing and were nearly full.

The tanks were each 18 by 13 feet square by 20 feet in height. They were made of sheet iron and were a quarter of an inch thick. At the fall of the tanks they carried down iron girders and beams a foot in width and four inches in thickness, snapping them as if they were pipe stems. There was no stopping as they struck the floors in succession, so enormous was the weight of the tanks.

Intoxicated by Gasoline.

ST. JOSEPH, Mo., June 4.—James Banks, a 17-year-old boy, addicted to the habit of inhaling the fumes of gasoline to become intoxicated, has been turned over to several prominent physicians for treatment. They will experiment on him for the cure of the gasoline habit. The father of Banks is poor, having spent all his earnings in an effort to break his son of the habit, and the physicians have undertaken to cure him free of charge.

Long Contest for One Office.

FRANKFORT, Ky., June 4.—In the wildest confusion that had lasted a day and night the silver Democratic state convention nominated Sam J. Shackelford of Owensboro, court of appeals clerk, defeating Greene, the Blackwell candidate, against whom Shackelford, Richardson and Ford openly combined for the divisions of the office and its emoluments.

CHEYENNE INDIAN TROUBLE.

No Recent Outbreaks, but the Situation Is Critical.

MILES CITY, Mont., June 4.—Sheriff Gibb has returned from the Cheyenne agency. The Indian situation, he says, is very grave indeed. He reports 200 or more Indians off the reservation and scattered on the hills. Their war whoop can be heard frequently, and the dancing continues. Old settlers look for trouble. The sheriff's posse, 300 strong, under command of Stock Inspector Smith and Captain Brown, are now stationed in small numbers in and about the settlements near the reservation, to protect the remaining settlers and prevent the destroying of property by the Indians.

Indian Agent Stinch would not deliver the prisoner, Badger, up to the sheriff when called upon to do so, saying he was afraid, or he would escort Badger off the reservation Friday, with troops, and deliver him to the authorities. The sheriff placed Captain Stinch under arrest, but left him at liberty until summoned by County Attorney Porter. The sheriff also has a warrant for Captain Reid, who has charge of the troops from Fort Custer, located at the reservation. It is not known among the Indians in the hills that Badger is in the guardhouse. When this becomes known and he is removed from the reservation, it is feared the Indians will make a break to recover him if possible. If this is done, there will be great loss of life on both sides. The sheriff brought in orders for a large amount of ammunition and rifles and another posse of 100 or more will be formed and accompany him back to the reservation.

County Attorney T. J. Porter has received information from Governor Smith that he directed the sheriff to take a posse of all citizens that can be obtained, exhaust all means to secure a sufficient posse to enforce the service of warrants, both on the Indian authorities and Indian Agent Stinch, and that the militia will be ordered out if necessary, saying that the law must be enforced with caution and firmness.

PEACE CONVENTION.

Ambassadors Trying to Settle the Greco-Turkish Dispute.

CONSTANTINOPLE, June 4.—The first sitting of the peace negotiations was held yesterday afternoon at the Topane palace between the ambassadors of the powers and Tew Fik Pasha, Turkish minister for foreign affairs. No secretary was present, and the only record that will be kept of the proceedings was such as each ambassador will make for himself.

It is understood that the result of three hours of deliberation was that Count Nekhoff, the Russian ambassador, will prepare a memorandum as to the rectification of the frontier; that Cainon, the French ambassador, a memorandum as to the capitulations in the case of Greek subjects in Turkey, and Sir Philip Currie, the British ambassador, a memorandum as to indemnity.

The conference then adjourned to meet again on Saturday next to consider these memorandums.

GOLD-HUNTERS' FATE.

Three Men Captured, Murdered and Scalped by Indians.

AKRON, N. Y., June 4.—Dr. S. J. Dorland of this place has received notice from D. E. McCann of Los Angeles, Cal., of the death of his two brothers, Benjamin H. and Peter M. Dorland, formerly of Oakville, Canada.

In his letter McCann writes that while the party of seven were prospecting for gold on Mount Wahsatch, they unknowingly crossed the line into the Wahsatch Indian reservation, and while panning gold they were surprised by a band of about 50 Indians. Four of the party were successful in reaching their horses, but the other three, being farther down the stream, were unable to reach theirs and were captured, murdered and scalped.

Dr. Dorland has telegraphed the chief of police of Los Angeles to investigate the matter thoroughly.

RESPITE FOR DURANT.

An Appeal to the Supreme Court Granted by Judge Gilbert.

SAN FRANCISCO, June 4.—Attorneys for Theodore Durant again appeared before Judge Gilbert in the United States circuit court yesterday and applied for a writ of supersedeas for the purpose of staying the execution of sentence, but this was denied by the court. An application for leave to appeal from this decision to the supreme court of the United States was then granted.

Although it is an open question whether, in view of the denial of the writ of supersedeas, the order of the court acts as a stay of proceedings. Attorney General Fitzgerald told Warden Hale to take no action in the premises pending the appeal. As the United States supreme court does not meet again until October next, this virtually means a respite for six months at least.

MINERS WON'T STRIKE.

President Rutherford's Advice Taken by Twenty-Three Thousand Men.

PITTSBURG, June 4.—There will be no strike of the 23,000 miners in this district for the present. This was decided at yesterday's delegate convention and is largely due to National President Rutherford's address advising moderation.

Resolutions were adopted, however, demanding a uniform rate of 60 cents per ton for mining, but deferring the strike until such time as the national executive board should consider it advisable. The convention was one of the largest ever held in Pittsburg, there being 90 delegates.

FIRE INTO THE MOB

An Attack Made on the Jail at Urbana.

TWO KILLED, SEVEN WOUNDED.

For Two Hours the Jail Was Surrounded by a Howling Mob of Over a Thousand People—Torrens Law Declared Unconstitutional—Result of a Boiler Explosion—Other Ohio State News.

URBANA, O., June 4.—Another attempt was made early this morning to lynch Chick Mitchell, the brutal assailant of Mrs. Gammer, and resulted in two men being killed and seven others badly wounded. For two hours the jail was surrounded by a howling mob of at least 1,000 to 1,500 people. Advances were being made so close to the guards that they at last opened fire on the crowd and at least 20 shots were fired.

The killed are:

Harry Bell, shot through the head.

—Hagins, shot through the body.

The wounded are:</p

INDICATIONS.—Showers in the early morning, followed by fair; cooler; brisk southwesterly winds, becoming northwesterly diminishing.

WHAT a hungry crowd they must be! The Cincinnati Commercial-Tribune says: "The action of a horde of office seekers in following President McKinley to Philadelphia, the other day, and doing all they could to pester him to death, was disgraceful." Decidedly.

WASHINGTON, June 2.—A dinner party was given last night by Senator McMillan at which all the leading Republicans were guests. It was stated that the Senate Committee on Contingent Expenses would report adversely on Tillman's resolution for another sugar investigation and the Republican Senators decided to vote to sustain the committee and against an investigation. This seems to settle the fact that there will not be another sugar investigation.

Of course, the Republicans are not anxious to have the country know that the sugar trust "manipulated" the sugar schedule in their new tariff bill. All the same that sugar schedule is going to give them lots of trouble before they are done with it.

CAPITALISTS are beginning to believe that if the income tax had not been declared unconstitutional that the last Chicago platform would never have been written, or if written, it would never have received such a large vote as it did. I believe the Republican party would like to put an income tax in their bill if they had not fought it so hard before. There is a lot of income tax sentiment among the Republicans in both houses and expressives are heard daily emanating from them regretting the impossibility to levy an income tax in some form. The Republicans have not a single feature by which they can even hope to make their bill a popular one with the masses.

The above is taken from the Washington correspondence of the Louisville Post. It indicates that the Republicans are having whole heaps of trouble over their tariff measure. The clause increasing the tax on beer raised such a howl that it will probably be abandoned, and in place of it there is talk of placing a stamp tax on all checks. Objections, however, are raised against a stamp tax on the ground that it would be a direct tax and therefore unconstitutional. And so the thing goes.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

EDO, Nov., June 4.—Mining men hereabouts are in a foment over the robbery of \$40,000 worth of bullion from the Dexter mine in the Tuscarora district, 60 miles from here. Two officials of the mine are suspected of the robbery.

Captain Sverdrup's Program.

LONDON, June 4.—A dispatch to The Daily News from Christiania says that Captain Sverdrup will go with the Fram to Smith's sound next year, spend the winter there and then attempt a sledge journey northward.

MUNICIPAL MATTERS

Council Surrenders City's Stock in Mt. Carmel Pike and the Road's to Be Made Free.

Monthly Reports of the Various Officials. This Year's Assessment—The Tax Levy.

All members of Council were present last Thursday night, Mayor Cox presiding.

Following is a summary of the monthly reports of the Police Judge, Chief of Police and Wharfmaster:

The assessment in 1896 as returned by the Assessor was \$2,692,147. Net increase by the Board \$24,920, making the total assessment last year \$2,717,097. The assessment this year is \$79,322 less than last year's figures.

An ordinance levying taxes for this year was presented and adopted under a suspension of the rules. The levy is the same as last year and is as follows:

For taking up outstanding indebtedness, 25 cents on \$100. (This does not apply to the Sixth ward.)

For general purposes, 75 cents on \$100. For school purposes, 25 cents on \$100.

For taking up outstanding indebtedness incurred since the Sixth ward became a part of the city, 10 cents on \$100. This applies only to Sixth ward property. The poll tax was fixed at \$1.50.

The Assessor and members of the Board of Supervisors were allowed their salaries.

The colored Baptist Church was refunded \$3 for license for a concert.

A motion to refund Mrs. Roe Carr her boarding house license for six months was adopted by a vote of 10 to 2, she having ceased to keep boarders. The Mayor at once vetoed the action of Council.

The Committee on Ways and Means to whom was referred the adjustment of the "Greenwood Library Fund" presented its report, which was adopted. The report states that the city is indebted to the fund in the sum of \$3,350, including interest to July 1, 1897. The committee recommended: 1. That the Treasurer and his successors open and keep open a separate and distinct account under the name of "Greenwood Library Fund," and on July 1, 1897, to place to the credit of said account \$3,000, which sum is to bear 6 per cent. interest, the interest to be credited to the account semi-annually. As the interest falls due, it is to be expended in the purchase of books, which are to be numbered and labeled "Donated by the Greenwood Library Fund," the books so purchased to be placed with the Mason County Historical Society, and preserved intact for a public library. 2. The President of Council for remainder of this year and in January each succeeding year shall appoint a committee of three—one from the Council, one from the trustees of the Mason County Historical Society and one from the city's Board of Education,—and this committee shall expend the balance of \$350 due the fund and the semi-annual interest as it falls due in the purchase of books as above provided. The committee is to report to Council in January each year the title of all books purchased, the library number and the price, which shall be made a matter of record.

Judge Wall and L. W. Robertson, Esq., appeared for the Maysville, Orangegburg and Mt. Carmel Turnpike Company and asked the city to donate or surrender its twenty-three shares of stock in said pike in order that the road could be leased and sold to the county and made a free road. Judge Wall stated that the company was offered \$15,000 for the road a year ago by the county, but refused it. Now it had agreed to sell for \$7,530 at the end of a year. A resolution to surrender the twenty-three shares was presented and adopted by a vote of 11 to 1, Mr. Heiser casting the nay vote.

Mr. A. M. J. Cochran appeared for the street railway company and stated that the company contemplated opening a park near the stable in the Sixth ward where a merry-go-round would be operated and other amusements provided. An ordinance licensing such parks was presented and adopted under a suspension of the rules. The annual license was fixed at \$10.

Dr. John O'Brien was allowed \$10 for services to the Chain children while they were sick with fever.

The ordinance adopted at last meeting fixing the number of councilmen of this city, their pay, time and manner of election was vetoed by the Mayor, for the reason that the ordinance makes the Mayor a member of Council which was contrary to the charter and constitution. The motion adopting said ordinance was reconsidered, and it was then amended to remedy the trouble and readopted.

The action of the Mayor in furnishing a round trip pass for Clarence Hicks to Chicago in order that he might receive treatment at the Pasteur Institute was approved.

Dr. Smith stated that subscriptions had been secured to erect a fountain on the Market street esplanade, provided the city would improve the space, and that said improvement could be made with concrete for about \$650. The matter was continued in the hands of the committee.

The application of the C. and O. Railroad Company for permission to lay a third track on Third street, Fifth ward, was rejected.

In regard to the erection of safety gates and electric bells at certain of the railroad crossings in Fifth and Sixth wards, the committee reported adversely on the application of the C. and O. Company to reduce the number of gates. The report was adopted. The company is required to erect four gates; one each at Commerce, Poplar, Lexington and Wood streets.

Mayor Cox reported that after diligent search he had been unable to find any certificate for the fifty-two shares of stock held by the city in the Lewis and Mason turnpike, or any record of same. He had surrendered said stock to the company, however, in accordance with order of Council.

A petition of residents of the Sixth ward for laying an eighteen-inch sewer from Union, to Washington streets was presented and referred to the Committee on Internal Improvements, to ascertain cost and get bids.

Permits were granted as follows:

W. B. Newman; to erect an awning

over sidewalk in front of his stable on Wall street.

Mrs. Annie Mitchell; to erect a frame kitchen at her home on East Fifth street. Dawson Bros.; to move a stable on lot No. 9, William street.

J. H. Cummings; to erect an addition to his residence on Forest avenue.

The report of the Board of Tax Supervisors was presented, showing the changes made in the assessment as returned by the Assessor. The assessment of seventeen pieces of property was raised, the increases ranging from \$50 to \$3,000. The total increase amounted to \$8,500. The assessment of three pieces of property was reduced, the total reduction being \$500, making the net increase by the Board \$8,000. The assessment this year as returned by the Assessor was Real and personalty property..... \$2,629,775 Added by the Board (net)..... 8,000

Total..... \$2,637,775

The assessment in 1896 as returned by the Assessor was \$2,692,147. Net increase by the Board \$24,920, making the total assessment last year \$2,717,097. The assessment this year is \$79,322 less than last year's figures.

An ordinance levying taxes for this year was presented and adopted under a suspension of the rules. The levy is the same as last year and is as follows:

For taking up outstanding indebtedness incurred since the Sixth ward became a part of the city, 10 cents on \$100. This applies only to Sixth ward property.

The poll tax was fixed at \$1.50.

The Assessor and members of the Board of Supervisors were allowed their salaries.

The colored Baptist Church was refunded \$3 for license for a concert.

A motion to refund Mrs. Roe Carr her boarding house license for six months was adopted by a vote of 10 to 2, she having ceased to keep boarders. The Mayor at once vetoed the action of Council.

The Committee on Ways and Means to whom was referred the adjustment of the "Greenwood Library Fund" presented its report, which was adopted. The report states that the city is indebted to the fund in the sum of \$3,350, including interest to July 1, 1897. The committee recommended: 1. That the Treasurer and his successors open and keep open a separate and distinct account under the name of "Greenwood Library Fund," and on July 1, 1897, to place to the credit of said account \$3,000, which sum is to bear 6 per cent. interest, the interest to be credited to the account semi-annually. As the interest falls due, it is to be expended in the purchase of books, which are to be numbered and labeled "Donated by the Greenwood Library Fund," the books so purchased to be placed with the Mason County Historical Society, and preserved intact for a public library. 2. The President of Council for remainder of this year and in January each succeeding year shall appoint a committee of three—one from the Council, one from the trustees of the Mason County Historical Society and one from the city's Board of Education,—and this committee shall expend the balance of \$350 due the fund and the semi-annual interest as it falls due in the purchase of books as above provided. The committee is to report to Council in January each year the title of all books purchased, the library number and the price, which shall be made a matter of record.

Judge Wall and L. W. Robertson, Esq., appeared for the Maysville, Orangegburg and Mt. Carmel Turnpike Company and asked the city to donate or surrender its twenty-three shares of stock in said pike in order that the road could be leased and sold to the county and made a free road. Judge Wall stated that the company was offered \$15,000 for the road a year ago by the county, but refused it. Now it had agreed to sell for \$7,530 at the end of a year. A resolution to surrender the twenty-three shares was presented and adopted by a vote of 11 to 1, Mr. Heiser casting the nay vote.

Mr. A. M. J. Cochran appeared for the street railway company and stated that the company contemplated opening a park near the stable in the Sixth ward where a merry-go-round would be operated and other amusements provided. An ordinance licensing such parks was presented and adopted under a suspension of the rules. The annual license was fixed at \$10.

Dr. John O'Brien was allowed \$10 for services to the Chain children while they were sick with fever.

The ordinance adopted at last meeting fixing the number of councilmen of this city, their pay, time and manner of election was vetoed by the Mayor, for the reason that the ordinance makes the Mayor a member of Council which was contrary to the charter and constitution. The motion adopting said ordinance was reconsidered, and it was then amended to remedy the trouble and readopted.

The Committee on Internal Improvements was directed to enlarge and relay with brick the gutter on south side of Third from Market to the Christian Church.

Council then adjourned until next Monday night.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size, 25c per box. Sold by J. J. Wood, druggist.

There is a mistaken idea very prevalent that a small house that shall be attractive enough for a man of taste cannot be built for less than \$2,000 or \$3,000. Less than half that sum is sufficient if it is judiciously expended. Any amount of money can be squandered in nonessentials and in decorations that are as useless as inartistic. In the main one only requires from a house, as from a man, that it perform its duty well, and do the things it was intended to do in the best way and be graceful in doing it. A model home, if it be skillfully planned, can be erected for surprisingly small sum in these days.—Chicago Record.

PROF. IRL HICKS, the noted prognosticator, has the following forecast for the present month: "June promises to open fair and cool generally. Warmer, with reactionary storms about 4th, 5th; from 10th to about 15th, we will have a regular, running into a reactionary, storm period. Storms through all this part of June will be highly electrical, with many showers and heavy rains. This is the annual solstice rain period fully understood by all who have diligently followed our predictions for any time; from about 20th to 24th, we pass the crisis of solstice disturbances; look for many vivid electrical storms; volcanoes show nervous energy; earthquakes will transpire, and the month go out with reactionary storm forces moving from west to east."

STATE SUNDAY SCHOOL CONVENTION.

It Will Be Held at Harrodsburg Beginning June 22 and Closing June 24.

The thirty-second annual State convention of the Kentucky Sunday School Union will be held in Harrodsburg on June 22, 23 and 24. A most attractive and practical program has been arranged. Well-known speakers will discuss topics of vital import to Sunday school work. Among the speakers are Mr. Marion Lawrence, General Secretary of Ohio S. S. Association; Mr. Alfred Day, General Secretary of Ontario S. S. Association; and Mrs. W. J. Semelroth, of St. Louis, the well-known and gifted primary teacher. Prominent among the speakers from our own State are Rev. Dr. J. P. McFerrin, Rev. Dr. S. M. Hamilton, Prof. H. K. Taylor, S. Waters McGill, F. W. Spreen, J. L. Amsden, Prof. E. A. Fox, Prof. C. H. Poage and J. T. Elder. Rev. Dr. W. B. Jennings will conduct the devotional exercises. Mr. P. P. Bilhorn, of Chicago, will have charge of the music. There will be three conferences for primary teachers.

Every Sunday school in the State is entitled to one delegate for each hundred members or fraction thereof.

All accredited delegates will be entertained provided their names reach W. C. Rue at Harrodsburg, on or before Monday, June 21.

All the railroads in the State have made a rate of one fare for the round trip.

Credentials may be obtained from county officers or from the State Secretary, Miss Mamie F. Huber, at Louisville.

Cleared Over \$100 An Acre.

Mr. W. N. Bard, of Bardwell, Ky., gives the Star the following figures on his seven-acre strawberry crop: Amount of gross sales, \$1,302; freight and commission, \$230 81; cost of cases, \$82; cost of picking, \$259.57; total amount paid out, \$572.38; cases shipped, 721. This amount, \$572.38, subtracted from the gross sales, \$1,302, leaves \$726.63 as the net proceeds of the crop of berries raised on seven acres of land. Mr. Bard says his berries were fine in quality, but short in quantity, there being but little more than a half crop. This, however, is about \$100 per acre that he has realized clear of all expenses, besides giving employment to numbers of women and children who would be employed at nothing else, but who can make from one to two dollars a day picking berries.

A Joke on the Student.

Lexington Herald: "A Bible student rehearsing his commencement oration in a rock quarry near the cemetery, on the Leestown pike, Monday afternoon, was taken for an escaped lunatic by people in the neighborhood, who notified the police. Lieutenant Stout and Officer Shanklin responded in the patrol wagon with handcuffs. The student had finished his speech and left when the officers arrived. They discovered the mistake and gave up the chase."

Assistant Secretary Vanderlip Has Important Duties to Attend To.

WASHINGTON, June 4.—In view of the appointment of Mr. Frank A. Vanderlip as assistant secretary of the treasury, Secretary Gage has made a reassignment of the duties of the several assistants.

To Assistant Secretary Vanderlip has been assigned the general direction and supervision of all matters relating to the office of the treasurer of the United States, the office of the register of the treasury, the system of auditing and accounting, the bureau of the mint, the bureau of engraving and printing, the division of public moneys, the division of loans and currency, the division of bookkeeping and warrants, the division of mails and files, and the signing of all letters and papers as assistant secretary, or "by order of the secretary," relating to the business of the above-mentioned bureaus and divisions that do not by law require the signature of the secretary of the treasury.

By this arrangement the duties assigned to Mr. Vanderlip are regarded as more important than those assigned to either of the other assistants.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the remedy which will bring her back to health and strength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable "examination" and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for thirty years. It isn't an experiment, there are no chances about it. It is a certain cure for all disarrangements, weaknesses, irregularities and displacements of internal organs peculiar to women.

PERSONAL.

Ironton Irontonian: "Mrs. Ernest Merrill left Wednesday for Maysville, Ky., to visit friends."

Miss Marie Andrews Strode left yesterday for an extended visit at Georgetown and Lexington.

Dr. Matthews and wife have gone to Flemingsburg on a visit. The Doctor will return June 14th.

Mr. James Hill, a son of Mr. and Mrs. Wilson Hill, is here visiting his grandfather, Mr. L. Hill.

Miss Allie Dobyns returned last night from Birmingham, Ala., where she has been attending school.

Mrs. John Pike and daughter, and Miss Ella Stockdale, of Temple, Tex., are here on a visit to their parents, Mr. and Mrs. W. A. Stockdale.

Messrs. John W. Alexander, J. C. Jefferson, Charles B. Poyntz, Isaac Woodward, J. N. Kehoe, James E. Cahill, A. F. Respest returned last night from the State convention at Frankfort.

Mr. and Mrs. James E. Cullen and son Stanley are at Newport attending the funeral of Miss Richie Greenwood, cousin of Mrs. Cullen. They were accompanied by Mrs. Elizabeth Greenwood, of West Second street.

Mrs. Retta Garrett has returned to her home in Plymouth, Ind., after a visit of several weeks with her parents, Mr. and Mrs. James Lloyd, of Bernard. Her sister, Miss Sudie Lloyd, accompanied her as far as Cincinnati.

Messrs. Thos. J. Hall and Jas. H. Hall, Jr., who have for the past three years been attending school at the Staunton Military Academy of Staunton, Va., returned home yesterday. Both graduated in the complete course of that institution.

Mr. A. C. Rogers and wife, of Cleveland, Ohio, are registered at the Central Hotel. Mr. Rogers is an old Maysville boy, and has many friends here who are glad to meet him and his bonnie bride. Mr. Rogers is a grandson of Mr. George Arthur who was in the confectionery business here years ago, and will be remembered by our older citizens. He and his wife leave for Mt. Sterling to-day.

Not an Accident.
Caller (on crutches and with a bandage over one eye)—I have come, sir, to make application for the amount due on my accident insurance policy. I fell down a long flight of steps the other evening and sustained damages that will disable me for a month to come.

President of the Company—Young man, I have taken the trouble to investigate your case, and I find you are not entitled to anything. It could not be called an accident. You knew the young woman's father was at home.—London Tit-Bits.

Found Her Father's Dead Body.

HOPKINSVILLE, Ky., June 4.—P. W. Armstrong, prominent North Christian farmer, tied a rope to a pole of the barn and around his neck last night and jumped 15 feet, his neck being broken. He was found by a 7-year-old daughter. He and the family had been sick several months. This and the hard times caused melancholy. He owns a large farm and was considered very prosperous. He leaves a wife and eight children.

A Costly Blaze.

ALEXANDRIA, Va., June 4.—The most disastrous fire in the history of this city occurred at an early hour yesterday morning. The loss is estimated at \$100,000 or more. The principal losers are: Bryant's fertilizer works and Moore & Sons' foundry.

Infant Scalped to Death.

OWENSBORO, Ky., June 4.—The eight-months-old child of Cooper Bennett was scalped to death last night at the country home of its parents. The cook dropped a pot of boiling coffee on it.

SHIP-BUILDING INDUSTRY.

It Is Enjoying a Boom and Is Not Protected by a Tariff.

JEFFERSONVILLE, Ind., June 8.—Probably the only industry which at present has a bustle on is that of ship-building in the Howard yards in this city. Eight big boats, half of them steel hulls, and half of them wooden, are under way, and two others have just been launched and sent to their destination. Among the steel steamers are two enormous Mississippi dredge boats for the United States government, which will cost over \$100,000 when finished.

Altogether the work in sight and just finished at the yards will amount in value to over \$500,000, and Captain Howard is hustling for more with fine prospects. In fact, he is known to have enough in view to keep his full force of men employed all the coming winter, weather permitting.

A strange fact in connection with this is that the ship-building industry is not protected by one cent of tariff, while the men employed in it are all well paid and all high-priced mechanics—better paid, in fact, than the men in the protected industries of the gas belt. No dollar-a-day men are employed by Howard.

It is also strange that while railroads are refusing to build cars and trying to get along with worn-out rolling stock, thus condemning the carworks everywhere to idleness and low wages, the steamboat interest should be so lively, in spite of the alleged depression in transportation.

Not only are the yards here very busy, but the Madison yards are also turning out some big boats, and have just lengthened a big side-wheel steamer, the City of Monroe, for the St. Louis Anchor Line.

Remains Found by the Track.

SEYMOUR, Ind., June 4.—As the Baltimore and Ohio Southwestern section men were going to their work yesterday morning they found the mangled remains of an unknown man on the track about one mile east of the city. There were no papers in his pocket and nothing by which he can be identified except a switch key, which leads to the supposition that he was railroad man. Whether he was killed by accident or was murdered is not known.

"Let's Get Married."

LOGANSFORT, Ind., June 4.—While a group of young people were attending a social gathering in this city, Leroy Miles of Milford approached Miss Ida Felker of the same place, with a remark heard by all, "Let's get married." The proposition was accepted, a license was procured, and at midnight the young people left for Chicago on a wedding tour.

An Old Crook Sentenced Again.

INDIANAPOLIS, June 4.—Jesse Way was sentenced to seven years in the Indiana state prison yesterday. Way was sentenced for counterfeiting. He is 80 years old, and has spent 45 years of his life in prison, chiefly for the crime for which he was yesterday sentenced.

Bullet in His Temple.

HAMMOND, Ind., June 4.—A stranger was found in the Harrison park, in this city with a bullet in his temple, and unconscious. His clothing was marked W. S. Elliott. He is about 20 years old.

Colonel James Fisk Dead.

GREENCASTLE, Ind., June 4.—Colonel James Fisk died here yesterday at the residence of his son-in-law, W. E. Starr. He was 95 years old and a pioneer of Putnam county.

A Railway Station Robbed.

LAGRANGE, Ind., June 4.—The Grand Rapids and Indiana railway station at Lima was burglarized. A number of express packages were stolen.

AT WASHINGTON—Washington-Chicago game postponed on account of rain.

No Summer Shutdown.

BELLAIRE, O., June 4.—Notices were posted at the La Belle iron works, opposite here, last evening, to the effect that there would not be the usual shutdown this summer, owing to the fact that they were so far behind on their orders. It will require them to work all summer, in order to be ready for the fall trade. This is gratifying to the large number of men employed.

Detective Undone by a Policeman.

TIFFIN, O., June 4.—Two masked burglars entered Brick's storeroom about midnight and blew open the safe. The explosion brought Detective John of the Pennsylvania Railway company, and after a fierce struggle he captured one and turned him over to a policeman, who let him escape while putting on handcuffs.

Infant Scalped to Death.

OWENSBORO, Ky., June 4.—The eight-months-old child of Cooper Bennett was scalped to death last night at the country home of its parents. The cook dropped a pot of boiling coffee on it.
